

TOMELLOSO'S EASTER

Spend with us a fantastic week and live the emotion of the processions!

During four days you could enjoy with fantastic processions where you could see the Passion, Death and Resurrection of Nazareth's Jesus. You will be moved seeing the devotion of the penitents who go with Jesus' images through the streets.

Twelve brotherhoods take part in all the processions with more than one thousand people. All these processions are amazing but the most impressive is "La Procesión del Silencio" where all people can take part carrying a cross and a big chain, and being totally quiet.

We invite you to live all Easter's acts to the full: The processions, the opening speech, concerts and exhibitions. Enjoy with us since 1st to 8th of April!
